**Regus Opens its Newest Denver Area Business Center
in the Heart of Cherry Creek North**

Cherry Creek center offers businesses of all sizes the opportunity to have a fully-furnished, move-in ready office at one of the most prestigious business addresses in the city

DENVER, CO. – October 06, 2008 – The Regus Group (LSE: RGU), the world’s largest provider of fully-furnished and equipped offices with 950 locations in 70 countries, today announced that it has opened a new business center in the Cherry Creek North area at 100 Fillmore Place, Suite 500.

The 15,000 square foot business center features 64 offices, 142 workstations and two conference rooms. Other amenities include an on-site receptionist to greet clients, answer calls in the business’ name and provide administrative support; a furnished reception area; a business café with wireless Internet connectivity; and a business lounge that allows clients/visitors to remain productive while on the road or between meetings.

“We’re pleased to offer our clients the opportunity to have an office in one of the most prestigious business addresses in the city. We couldn’t have selected a more ideal location for our newest Denver area business center,” said Scott Nelles, Regional Vice President for Regus. “The center not only provides our clients with a great corporate office environment, but also offers them everything they need to run their businesses efficiently and effectively, from dedicated on-site support staff to printers and copiers.”

Fillmore Place is located within a high-end mixed-use development that includes the region’s largest collection of independently owned boutiques, restaurants and galleries. The new Regus center is conveniently located within ten minutes of downtown Denver and 30 minutes of Denver International Airport.

Nelles added, “Regus brings a unique offering to Cherry Creek that we feel will be very well-received by businesses of all sizes, regardless of industry. Whether our clients are in financial services, technology, legal or professional services, we’re confident that we have the customized, full-service workplace solution to fit their unique requirements.”

Bobby Molinary is the Director of Development for Select Hotels. He is responsible for identifying and placing Select Brand products in new markets. Molinary, who currently has an office in one of the company’s downtown locations, will be one of the first clients in the new Cherry Creek center.

Molinary says he chose the Regus business model over leasing traditional office space because of the convenience it offered him.

- more-

“With Regus I didn’t have to worry about all of the hassles that come with establishing a new office. Everything was set up and ready to go when I moved in - from the desk, to office furniture to wall paper. It was all taken care of by Regus,” said Molinary. “Most of my clients and colleagues who visit the center are surprised that it’s a multi-tenant location. The center doesn’t give the impression that there are other businesses on the floor. From the receptionist to the office, it feels as if the entire floor belongs to my organization.”

Regus offers its clients a number of benefits including: the freedom to grow, downsize, or expand their business to another geographic location with minimal disruption; simple, one-page contracts; one, fixed monthly price, that includes everything they need to run their business; state-of-the-art IT; and a global network of more than 950 locations that allow members unlimited access to Regus business lounges worldwide.

Every day Regus provides more than 400,000 clients worldwide with flexible and cost-effective workplace options to meet their specific needs. Whether using a fully-furnished office, a virtual office that provides clients with a local business address, meeting rooms or videoconferencing facilities, businesses working with Regus are able to establish an immediate presence at prime business center locations such as the Cherry Creek center.

Cherry Creek will be Regus’ 12th Denver area location. The center will hold its official grand opening and ribbon cutting ceremony on Thursday, October 23, from 11 a.m. to 1 p.m. Several local dignitaries including members from the Chamber of Commerce will be in attendance. Members of the press are invited to attend the grand opening event.

About The Regus Group

The Regus Group is the world’s leading provider of pioneering workplace solutions, with products and services ranging from fully-equipped offices to professional meeting rooms, business lounges and the largest network of videoconferencing studios. The Regus Group delivers a new way to work, whether it’s from home, on the road or from an office.

Clients such as Google, GlaxoSmithKline, IBM, Nokia and Accenture join thousands of growing small and medium businesses that benefit from outsourcing their office and workplace needs to The Regus Group, allowing them to focus on their core business.

Over 400,000 clients a day benefit from Regus Group facilities spread across a global footprint of 950 locations in 400 cities and 70 countries, which allows individuals and companies to work wherever, however and whenever they want to.
